6-Stage Multi-Cache 2.6 km
For all stages: **N37° 06.??? and W008° 40.???**

Stage 1

N37° 06.624 W008° 40.840.
Outside the cafe facing the road is a company sign (the lower part of this sign contains the number 200). What is the word written in large black letters? (Clue MMAMMMM).
We'll make it easy for the first stage by having no Stone Code (and therefore no stone moves) and giving you the first letter of the Coords Code.
Coords Code: D/4-3 (4th & 3rd letter).
Now read off the coords from the Starting Grid.
Control Total: 33 - Now continue to stage 2.

Stage 2

Here you see a sign with 2 words. What is the second word? (Clue: UMMMAMAMUAMAM).
Stone Code: 13-4; Coords Code: C/LB; Control Total: 40
Continue to stage 3 **after** you have copied the new grid into the blank grid below.

Stage 3

Here some words are engraved. We need one of these words. (Clue: AMMMAMAUM).
Stone Code: G -7-2-1; Coords Code: B/NB; Control Total: 36
Note that this time you need 4 letters/moves!
First the "G" which is not in the word, then 3 others.

Stage 4

In the triangle look down and find some words made from rusty letters. The longest is? And the short word above it? (Clue: MMMAMAM-AMM).
Stone Code: 8-9-4-1; Coords Code: C/NA; Control Total: 40

Stage 5

a) What animal can you see?
b) Look for a word above the animal (Clue: MMMAUAMM-AMMMAA).
Stone Code: 6-9-8-3; Coords Code: B/LB; Control Total: 31

Final: small clip & lock container

Hint: GERR (NEIBER)
